## **Peter Ohling Ekenstierna**

CEO

### **Professional Background**

- CEO of Blika Solutions AB
- Master's degree in Commercial Law and a bachelor's degree in Business Administration

### **Proven Track Record**

- Extensive experience from working in different head office functions at multinationals. A broad knowledge base spanning from group accounting, accounting to all aspects of global tax. Combining this broad base with a deep knowledge of group accounting systems, tax solutions and accounting systems is unique base for understanding the digitalization challenges for a tax or legal department.

### **Capabilities**

- Have worked with acquisitions on a global basis as a part of an acquisition team
- Completed many restructurings and spin offs of several sub-groups
- Have participated in due diligence processes both as the acquiring part and as the acquired group
- Extensive experience from tax planning, restructuring, tax accounting, transfer pricing, tax compliance, tax risk and other areas as well as from working as a group accountant and an accountant
- Experience from legal compliance work
- System owner at several multinationals for several types of system solutions including tax, legal and group accounting
- Experience from developing complex IT systems
- Have extensive experience from DAC 6 and CbC reporting and from setting up compliance processes for multinationals
